

**TISB TRAINING ACADEMY
FOR TEACHERS & LEADERS**

आजीवनम् ज्ञानवर्धनम्™

TISB, NAFL and the NPS Group of Institutions (India and Singapore) have successfully launched the **TISB Training Academy for Teachers & Leaders**. The primary objective of the academy is to help educators enhance their skills in order to address the challenges facing education today within a rapidly changing socio-economic context and a globally competitive environment. The **TISB Training Academy for Teachers & Leaders** seeks to prepare educators who are conscious of the positive impact they can have on the psychological, social, emotional, behavioural and cognitive development of their students.

TISB, NAFL and the NPS Group of Institutions have a rich history of academic excellence and innovation for over five and a half decades. Rated as one of the top five international schools in the world and voted the top British International School 2013, TISB believes teachers, like students, are lifelong learners and should engage in continuous professional development courses.

Aligned with this philosophy, these high quality professional development courses are tailored to meet the needs of educators and place them in real classrooms or contexts to maximise their learning. All the courses offered combine the latest advances in educational research with accepted international best practices.

The **TISB Training Academy for Teachers & Leaders** now offers courses to:

- Aspiring teachers who wish to become motivated, effective educators
- Practising teachers who wish to upgrade their skills
- School leaders who wish to upgrade their skills

The **TISB Training Academy for Teachers & Leaders** offers the following certificate and diploma courses:
