Chapter 1 – The Introduction

Monu Singh is the most clever person in the village of Sevapur! He uses his brain to solve any problem. One sunny day, Monu Singh was walking when the villagers came to him and asked for help. Monu Singh asked one of the villagers, "what happened? Why are you so scared"? The villager replied, "there is a ghost in the forest! He is using his magic to make the houses shake"! Monu Singh decided he needs to investigate. He went to the forest and was surprised by what he saw. It was not a ghost but it was a giant.

Monu Singh asked the giant politely, "What is your name"? The giant asked Monu Singh, "Why do you want to know"? Monu Singh replied, "I want to know because you are so heavy that my village Sevapur's, houses are vibrating. People there are scared of you and are calling you a ghost". Then the giant started laughing so loudly that the ground started vibrating. Monu Singh had to take hold of a tree to not fall.

The Giant said, "the villagers are scared of me and that gives me an idea. I will conquer the village and only my supporters will live". Monu Singh flattered the giant a lot and finally said "Giant, Oh Giant, how will anyone kill you? You will be the most powerful creature on the planet". The giant was so flattered with Monu Singh. The giant slipped out that he can be stopped with a magical wand. The giant asked Monu Singh, "Will you support me". Monu Singh replied, "I will think about it" and went back home.

Chapter 2 – The Idea

Monu Singh was sleeping when he heard the villagers were shouting "*Monu Singh, Monu Singh save us, save us*". Monu Singh woke up as soon as he heard this! He went to climb down the stairs and opened the door. He was so surprised that his turban fell!

The giant was holding people in his hands and was having fun. Then, Monu Singh said, "Oh, so you are going to execute your idea. Then, the giant said, "yes, anyways do you want to support me or die" and Monu Singh said, "I won't support you and I will stop you"! This made the giant so angry that he decided that he is going to go after Monu Singh first!

He threw a stone at Monu Singh. It is a stone for the giant but for Monu Singh it is a mountain. Monu Singh ran with his full power. He remembered that the giant can be stopped with a magical wand. Then he came back with a stick and said, "*as long as this is with me, I am safe*". The giant wondered was this a trick. Just then, Monu Singh said, "*This is a magical wand that can **stop you***". The giant got scared about the wand that can stop him. He goes away. *The fight got over for now.*

Chapter 3 – The End

Everything was peaceful in the village of Sevapur for 3 years. Everyone was celebrating their victory over the giant and Monu Singh became the hero of the village. Then one day in the village a person screamed. The giant was back. Everyone came out of their house to see what had happened. There was complete silence which was broken by the giant. The giant said, "Haha, Haha forgotten me. Haha, Haha". Monu Singh said, "here look at this". He had taken out his fake magic wand. The giant laughed and said, "Oh this, I do not care about it, it is a fake magic wand". Monu Singh became scared and asked, "How do you know?". The giant laughed and said, " In the last 3 years, I was searching for a genie. When I found him he told me that your wand is fake. I am going to get a real one". He said, "Genie, Genie". Everyone saw a genie coming out. The genie said, "Master only 3 wishes. No more than that". The giant said, "My first wish is, give me a real magic wand". As soon as he said this, a wand started growing in his hands. He wanted a wand so that he can fight with anyone.

"My second wish is, make it more powerful than any wand in the world. I will tell my third wish later". The giant wished his wand was the most powerful so that he can become the most powerful creature in the World. Then he waved his wand and many sparkles came out of his wand. He laughed and laughed and went away.

Monu Singh was very worried. He made a plan to stop the giant. He got a fake wand made. In the night, Monu Singh went to the place the giant was living. The giant was sleeping when Monu Singh entered the place. He took the giant's wand and replaced it with the fake one. He casted a spell on the giant which made the giant invisible and ensured that the giant does not wake up. After this, he casted a spell with the wand on himself which lets him use the giant's voice and makes himself invisible. He shouted "genie, genie". The genie comes at once and says, "Master

only one wish left, but where are you master". Monu Singh replied, "I am invisible". The genie asks, "Master, what is your wish"? Monu Singh replies, "I want you to take me out of the village and never come back". Monu Singh had tricked the genie. The genie asked, "Are you sure, Master"?. Monu Singh answered at once, "Yes, I am sure". As soon as Monu Singh said this, the genie made the giant visible, carried the giant in his hands and went away from Sevapur.

The next morning Monu Singh was the hero of the village. The village was peaceful again! Monu Singh used his brain to get rid of the giant.

We can get rid of any problem if we stay calm and use our brain.

Monu Singh has to save Sevapur from the giant and the genie. Will he be able to do so?
