Chapter 1

One Day (in a school) there was a
boy
who was called to the principal's
office. The boy's name was Noah,
he was 13
years old. He was called to the
principal's office a lot, but he didn't
do
wrong things, so he always
wondered why he was called to the
principal's office
a lot.

He was called to the office for the same reason again and again, and he was the only one called for one reason again and again. At that point of time the school needed some funds, but no one came and dropped funds,

but no one came and dropped funds, so the principal was stressing out,

and didn't care about the students who came to his office including Noah. One day only Noah was waiting outside the principal's office he was called for the same reason. He waited there, patiently

CHAPTER 2

Noah was called into the principal's office, Noah says "Finally"

Then Noah enters the principal's office, the principal says "Have a seat Noah"

Noah says "Ok sir". Then when Noah sits down, the principal asks him "So Noah, why are you not doing good in Maths, and only Maths?".

Then Noah says, "But sir, I don't like maths". The principal shows him a astonished face, he starts laughing and asks Noah "Your kidding right",

and he asks " Really, then what do
you want to be
when you grow up ".

Then Noah says " I want to become
a writer, not a
mathematician sir". Then the
principal says "But you need to be
good
in everything Noah".

Then Noah says " But I am very good in English,

I have straight A's ". Then the principal says with a angry face "Like I said Noah you need to be good in everything not only in English!". Then suddenly his assistant comes in.

CHAPTER 3

When the principal sees his assistant
he asks

"What is wrong now, did no one come
to donate funds?"

Then his assistant says "No sir, we
actually have
someone who came to donate
some
funds". The principal is very
happy, he asks "Really?",

his
assistant says "Yes!".

The principal then asks Noah to leave
the room and
come back in when he calls him. So
Noah said "Ok sir". Then he left,
the principal then asked his assistant
to call the person who came to
donate
them some funds, his assistant says
"Right away sir".

Then the person who came to donate some funds came into the room, she said "Hi, I came to make donation, here is the check", when the principal looks at the check he says "Oh my god, this is the exact amount the school needed, wait it says this check is by Sophia Cameron, I feel like I have heard that name before"

CHAPTER 4

Then Sophia (The person who came to make the donation) says to the principal "actually you do know me sir, I studied here and I came to this same office every month,

you see one day when I was called
to this office, I
wasn't doing so good in maths,

you screamed at me when I said I
want to become a
writer, and you said that if I am not
good in
I will fail in life. But when I grew up I
threw away what you said from
my heart

and I became a writer and my
book is the best book of
the year, so you see, I didn't fail in
life just because I wasn't good in
maths
like you said".The principal said "
Oh my god, I have made a
terrible mistake". Then Sophia said
"Well I hope you learned your
lesson.", then the principal
remembered about Noah and said
"Actually
I think there is someone who also
wants to become like you",

He called Noah. When Noah came in he was shocked to see Sophia, he said "OMG, Sophia Cameron, I read all of your book, especially the book which is the book of the year". The Sophia said "Well then maybe you can help me write my next book", Noah said "Really, that would be a dream come true". Then Sophia asks "so that's a yes?", then Noah replies "Yeah definitely"
