## *Welcome Note*

*Wishing all our readers a 'Very Happy New Year 2024'. A new year, new opportunities, new challenges, new experiences. Even as we look forward to everything that 2024 has in store for us, it is with a sense of pride and gratitude that we look back and bring to you a glimpse of everything that the Kindergarten students have done over the past couple of months.*

*The highlight was definitely the musical fest – Magical Melodies, a day we will remember with fondness for a long time. Readathon – the EV book week, Learning centers, festival celebration, the collection drive for charity were some of the other activities that brought many a smiles on the faces of the young kindergarteners. Enjoy reading on about them all.*

**2024**

Happy New Year

## KANNADA RAJYOTSAVA

This year we celebrated Karnataka Rajyotsava Day in a very novel way. The children had a gallery walk through the Art and Craft Exhibition displayed by the Grade 6 and 7 students. The display featured artwork inspired by prominent landmarks, festivals, games, weaves, traditional utensils, food and traditions of Karnataka. Children were asked to pack traditional Karnataka delicacies. What better way to introduce the culture than through the food! Snack boxes came filled with a variety of dishes ranging from Bisi-Bele-Bath to Mysore Pak. Children shared the same with their peers giving others an opportunity to get a taste of the diverse and delectable cuisine our state has to offer. Some of our children even shared their own nuggets of information about the dishes.

# READ★A★THON

"There are many little ways to enlarge your child's world. Love of books is the best of all." Jacqueline Kennedy

Readathon, the Book Week for Kindergarten was held from the 6<sup>th</sup> of November to the 10<sup>th</sup> of November. Exciting and delightful activities were curated to foster a love for reading by instilling a passion for books, enhancing language skills, and creating a fun-filled environment for the young learners.

During the course of the week the children were seen reading books in the midst of nature, having story telling sessions outdoors, playing scavenger's hunt, dressing up as their favourite story character and so on. Expressing oneself through art gives children an opportunity to unleash their creative side. The week ended on a high with children wearing traditional attire to celebrate Diwali.

## Diwali PARTY

# Children's Day

Children's day was celebrated on 15th November 2023. The celebrations started with a Magic Show by the Magician, Mr. Srivatsa. This was followed by the teachers weaving their own magic, with the dramatization of two popular stories. Needless to say, the children were amazed to see their teachers on stage and enacting their roles to perfection. The final act for the day was a dance performance by the rest of the Early Years teachers. They performed to famous Bollywood and English numbers in dialogue reel style. The celebrations were not only a testament to the innocence and exuberance of our young learners but also showcased the incredible enthusiasm and ability of our dedicated teachers to step outside their comfort zone to make their students happy.

Back in class, teachers joined the children in various games and activities. The happy smiles on the faces of the students and the teachers, showed that the child in us is always waiting to be unleashed.

# LEARNING CENTERS

*The only way to learn mathematics is to do mathematics...*

The students of Kindergarten 2 consolidated their learning on the concept of addition by participating in 'Math-e-Magic' - the learning center, which was conducted on 15th December 2023. It was a pleasure to see the 5-year olds work collaboratively, provide peer guidance when required, take responsibility of winding up and keep the station ready for the next group.

**Success is a journey. The best form of transport is happiness...**

The KG1 students derived much happiness from having participated in 'How we travel' the learning center on modes of transport which was held on 20th December 2023. It was an immersive environment where children were engaged in different hands-on activities like puzzles, sorting, playdough and written work. All these activities helped the learners to apply their knowledge to complete their tasks and work in collaboration.

# Magical Melodies

*A child who sings is a  
happy child...*

On 9th of December 2023, the auditorium reverberated with the happy sounds of joyful singing as the happy and talented children of Kindergarten took center stage for their Annual event 'Magical Melodies'. The children wove their magic with their melodious singing. A collection of 12 songs ranging from English to Hindi to Malayalam to Hebrew and much more kept the audience spell bound.

# Magical Melodies

The energetic Indo-Western fusion dance performance was woven together with a sprinkle of magic.

The teeny weeny speakers had the audience eat out of their hands with their riveting speeches.

Principal, Ms. Jyotsna Nair in her address to the parents, lauded the students for their flawless performance while acknowledging the dedication and hard work put in by the teachers. It was indeed a morning to remember for a long time to come.

*Sharing is caring –  
teaching children to share is  
teaching them compassion and love.*

The month of December, seems to naturally generate an intrinsic need to share our blessings with others and to show kindness and compassion to those around us. The Kindergarten department came together as a community on it's maiden donation drive between 19<sup>th</sup> to 22<sup>nd</sup> December 2023. Clothes and toys that were brought with lot of love were handed over personally by the teachers to the inmates of the 'Sri Rakum School For The Blind and The Sighted Unprivileged'. The teachers were touched and humbled by the whole experience.

Christmas was celebrated with much merriment and warmth at NPS Koramangala. Children dressed in red, green and white, the colours of the day, brought the ground floor alive in a sea of vibrant colours. From decorating the Christmas tree to carol singing, the campus was filled with cheer and delight. The excitement reached a crescendo as Santa brought sweet treats for children. A befitting end to a fabulous 2023!!

Let's begin the new year with some humour

One of the students visited the washroom one too many times. The teacher asked the reason for the same, to which he promptly replied, "my mother had given me lot of food in the morning and lot of digestion is taking place now". 🍌

The topic being discussed in class was sources of water. The teacher quizzed the students on the different sources of water. One of the students said "we get water from Bislery uncle". 😎

A little Kindergartener soiled her clothes and was feeling shy after the akka had changed her dress. She walked up to one of the teachers and said, 'Kabhi kabhi ho jatha hai, humare control mein nahi hai'. 😊

See you  
in  
April
