## Sound Magic (12.12.25)

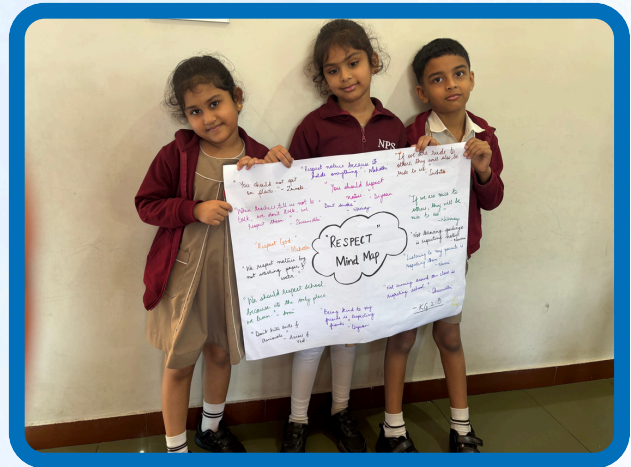

Fun and hands-on activities were organised in the learning centres to help children better understand blending three-letter words. Activities such as Count and Write, Build a Word Family, Blend and Draw, Peg the Word, Find the Missing Sound, and Match It Up supported children in blending, reading, and understanding words. These engaging learning centres made reading enjoyable, meaningful, and interactive for our young learners.

# Value for the month of November

## "RESPECT"

"Respect seniors, and juniors too,  
Use kind words in all we do...  
Listen well and always be kind,  
Good values stay in mind."

True to the above lines; this month, our children learned about the value of 'Respect' through simple yet meaningful daily practices. They were guided to listen attentively, wait for their turn, speak politely, and care for their classroom and surroundings. By using kind words and showing consideration for others, our little learners are understanding how respect helps everyone feel safe, valued, and happy.

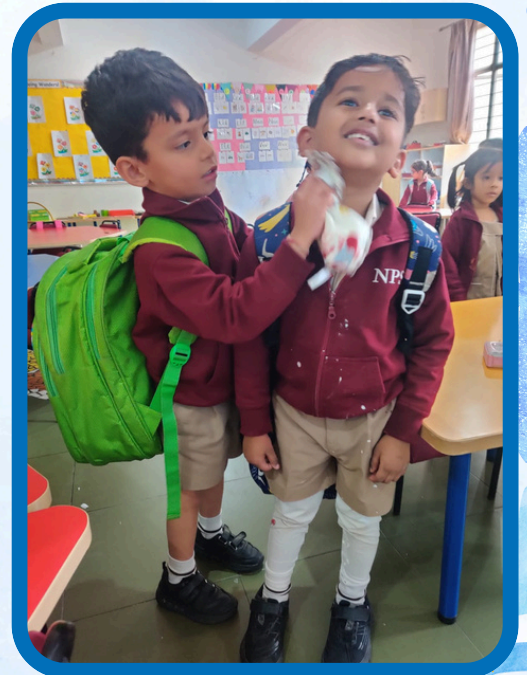

# Value for the month of December

## "LOVE"

This month, our little learners focused on the value of 'Love'. Through everyday interactions and classroom activities, children learned that love means caring, sharing, and being kind to everyone around them. They expressed love by using gentle words, helping their friends, listening attentively to their teachers and classmates, and sharing toys and materials.

The children also discovered that love is not just a feeling, but something we demonstrate through our actions. Simple gestures like smiles, hugs, and helping hands helped create a warm and happy classroom environment. By practising these simple acts of love, our children are learning to build strong friendships and grow into caring and compassionate individuals.

# Children's Day Celebration (14.11.25)

Children's Day was celebrated with great excitement and fervor. A truly heartwarming moment unfolded as the children watched their teachers take the stage to perform a delightful dance, filling the little ones with joy and laughter.

The highlight of the event was the spectacular magic show, which left the children spellbound. There were countless "wow" moments and gasps of wonder as the magician performed one amazing trick after another. As a token of our love and appreciation, every child received chocolates along with a personalized message.

## EKYAM - United In Harmony

### (06.12.25)

Tots N Tunes 2025, themed EKYAM – United in Harmony, was a delightful celebration of the five elements of nature—Earth, Water, Fire, Air, and Space—brought to life by our young learners through songs, dances, expressions, and a colourful fashion show. The program began with a soulful choir performance and continued with vibrant presentations that filled the auditorium with joy, energy, and imagination.

## EKYAM - United In Harmony

Our Principal, Ms. Jyotsna Nair, appreciated the children's confidence, innocence and poise on stage. She took the opportunity to reiterate the importance of language development, multilingual exposure, and a gadget-free environment. The event was truly a heartwarming celebration of creativity, learning, and togetherness.

*Note of thanks*

# Christmas Carnival (22.12.25)

"The true magic of a Christmas carnival is found in the smiles we share and the hearts we warm."

True to the above quote, our kindergarten children celebrated Christmas with a joyful Christmas Carnival. The school was filled with colour, music, and excitement as the children enjoyed a fun-filled festive day. They enthusiastically participated in games and captured joyful memories at the photo booth. The highlight of the celebration was a surprise visit from Santa Claus, who wished each child a Merry Christmas and handed out little treats. Through the carnival celebrations, children learned the importance of sharing joy, celebrating together, and spreading love and kindness—the true spirit of Christmas.
